13 Persons Hurt In 5 Accidents Over Week End

San Mateo County had one of its heaviest automobile accident tolls of the year over the weekend when 13 persons were injured in five separate accidents. Three other Redwood City motorists were injured in Santa Cruz Mountains.

One of the most seriously injured was Millard Wilson, 31, of 627 Hamilton St., an employe of the Yellow Cab Co. here, whose cab overturned on Harbor Rd. near Bayshore Hwy. and pinned him beneath the wreckage. He is in Palo Alto Hospital in a critical condition, suffering from a fractured skull, head lacerations and shock. The accident occurred Saturday night.

Dr. Blake Wilbur of Palo Alto, attending physician, reported that Wilson was given a blood transfusion late Saturday night, and although he is recovering, Wilson remained in a serious condition.

Redwood City police reported that when they arrived at the scene of the accident, employes of a nearby asbestos plant had already extricated Wilson from beneath the overturned cab. A hospital ambulance carried him to the Palo Alto Hospital.

Wilson's wife is visiting in the East and could not be contacted immediately.

Three local girls were injured Saturday night near Paradise Park in the Santa Cruz mountains when the automobile in which they were passengers rolled down a hill and overturned.

The injured are Claire Hahir, [illegible] St., who receiv[illegible] fractured left forearm and a possible jaw fracture; Nancy Hahir, 15, sister of Claire, who suffered fractured ribs on her left side and possible fracture of the spine, and Margaret Jory, 17, of 338 Grand St., a friend of the Hahir girls, who received a fractured left collarbone and gasoline burns on her legs.

All three were taken to the Palo Alto Hospital in a Santa Cruz ambulance.

The girls were all on their vacations in the Santa Cruz Mountains and were driving into Santa Cruz, about four miles away, when the accident occurred at 8:30 p.m.

Gordon H. Martin, 18, of 1555 Mercy St., Mountain View, who was driving the automobile, lost control when the front wheel caught on the side of the narrow country road, and the car careened off the pavement, rolling down an embankment.

Martin, and Mrs. J. P. Hahir, mother of the two injured girls, were the other passengers in the convertible coupe, and they escaped without physical injury, although both were badly shaken and suffered from shock.

Mrs. Julie Belmontet, 76, of 160 Edgewood Ave., was in a serious condition in the Palo Alto Hospital suffering a possible basal skull fracture and laceration of her hand after being struck at 9:20 p.m. yesterday by a car driven by Joseph F. Burns, 53, of San Francisco. The accident occurred on El Camino Real and Stockbridge Ave., the California Highway Patrol reported. Burns, who was driving north on El Camino Real, was not held.

Two Mather Field soldiers were injured yesterday when their automobile and a car driven by Arthur G. Lachman, 16, of San Francisco, son of Gustav Lachman, well known San Francisco furniture merchant, collided on the Junipero Serra Extension near San Bruno. Lachman and one of the soldiers, R. W. Wentz, 21, were treated for minor cuts and bruises. Robert Walker, 22, the second soldier, was treated at Mills Memorial Hospital in San Mateo for a compound fracture of the leg and transferred to Dibble Hospital.

Seven persons were injured in an accident on Bayshore Hwy. at Broadway in Burlingame at 10:30 p.m. Sunday.

Mrs. Mary Johnson, 25, San Francisco, was treated at Mills Hospital for contusions and shock and was dismissed. Lorraine Day, 20, of San Francisco, was dismissed after receiving treatment for a sprained ankle.

Also treated at Mills Hospital and dismissed were Pvt. James D. Maris, 32, contusions about legs; Sgt. Peter Klement, 24, lacerations of face; Cpl. Louis Ectavin, 37, inpred nose; Sgt. Charles Carlson, 23, fractured nose; and Cpl. Wilbur H. Hunt, 28, injured nose, abrasions to face and hands.

Drivers of the two cars were R. M. Jones, 25, sailor, and Corporal Estavin. Jones was driving north on Bayshore Hwy. and Estavin was headed south. Both cars were badly damaged.

Three Tanforan sailors recently stood accused in San Bruno of stealing a car after an automobile stolen from San Bruno Saturday night was involved in an accident in Colma and the trio were seen abandoning it.

Lodged in the county jail are Thomas Puglisi, Richard T. Peel, and Robert E. Smith, all from the San Bruno Naval Base, who were identified by 11-year-old Lantz Malloy of Colma as the men he saw wreck the car and leave it. The car was stolen from 430 Camino Real in San Bruno and belongs to Elmer Markham, 5727 Vincent St., Oakland.

Dr. C. E. Ward Resigns Pastorship

Coming as a surprise to members of the First Congregational Church, Dr. Charles E. Ward, pastor, Sunday announced his resignation following the Sunday morning service.

Dr. Ward's resignation will become effective in 90 days. He told the Tribune today that he has no definite plans for the future. A church meeting to elect a committee to choose a successor will be held next Sunday under the chairmanship of Dr. W. C. Gordon, moderator of the church.

DR. C. E. WARD

Dr. Ward and his family came here from Boise, Ida., eight years ago. During his eight years here, Dr. Ward has received 281 new members and baptized 180.

The annual budget system of church finances was installed while Dr. Ward was pastor and church property and manse have been reconditioned and much new equipment installed under his leadership.

Dr. Ward is an active member of the Kiwanis Club and was one of four community leaders recently interviewed by the Tribune in a series on the future of Redwood City.

Dr. Ward is president of the San Mateo Ministerial Assn. and has served on the faculty of several San Mateo County summer camps for youths.

Mrs. Ward has been a Sunday School leader and a deaconess for several years.

The Wards have three sons, Wilfred, a sergeant of engineers who is expected home soon from New York; Donald who is engaged in government electronic research with the Sylvania war plant in Pennsylvania; and Charles H. who is a radio technician first class on a destroyer escort in the Atlantic war zone.

Supervisors Plan To Study 24-Hour Ambulance Service

San Mateo County Board of Supervisors today named itself a committee to study the matter of establishing 24-hour county owned, county operated ambulance service and directed County Clerk William H. Augustus to ask the County Civil Service Commission for information on ambulance drivers and on the possibility of using them in other capacities.

The committee was formed after recommendations of County Executive Frederick Peterson were presented to the board.

"It looks like we haven't got all the facts and figures," Supervisor Chmn. Fred E. Beer said.

There was no one present to urge the adoption of Peterson's recommendations. Peterson's recommendations followed meetings of city officials and civic groups of the county.

Beer said he thought the matter of jobs and salaries should go through the civil service commission.

Supervisor Edward R. McDonald said the general consensus is there is need for ambulance service.

"We should determine the best way to get it and determine the most reasonable way to get it," McDonald said.

Supervisor Thomas L. Hickey pointed out there is a shortage of ambulance service today that did not exist a year ago because of the lack of commercial ambulances.

Supervisor Alvin S. Hatch suggested that the board appoint itself a committee to study the matter.

New Employment Order Issued

A new sweeping employment stabilization order was issued this week covering all male help in San Mateo and nine other counties in the Bay Area who are engaged in "other than essential activities" by the War Manpower Commission.

Sam Kagel, acting director of the WMC for Northern California, reported that under the new order all males who quit jobs in less essential activities must have certificates of availability and specific referrals to new jobs.

Kagel explained that although the war appears to be going favorably on all fronts, the labor shortage remains acute in the San Francisco area as 27,000 war jobs remain unfilled, and national efforts are under way to recruit manpower for the West Coast.

Kagel said that the new regulations do not compel any employe to quit his job, or compel any employer to hire unqualified persons, but he did emphasize the need for men to fill needed jobs to help speed the hour of victory.

About three million pounds of phenothiazine are being used annually in the United States to remove internal parasites of farm animals.

C. of C. Directors Ask Eric Johnson To Address Meeting

Directors of the Redwood City Chamber of Commerce this week invited Eric A. Johnson, president of the U. S. Chamber of Commerce, to address the annual meeting in Redwood City this Fall.

E. W. Butler, manager of the chamber, explained that Johnson will be on a speaking tour in this area and that an effort will be made to time the annual meeting to permit him to be its chief speaker. Butler said the speech would probably be heard in the main Sequoia High School auditorium.

Meanwhile plans for the annual chamber of commerce barbecue Saturday have been completed, Butler announced, with an advance ticket sale to date in excess of 160. Individual members of the chamber are being asked to buy an additional ticket to entertain service men from Dibble Hospital, Butler announced.

The chamber's membership drive has netted 66 new members, the directors were informed.

Butler and Graham Adams, chairman of the community development section, were authorized to attend State Reconstruction and Re-Employment Committee meetings in Oakland, Aug. 23 and 24. A representative of the committee will be asked to address the monthly chamber of commerce luncheon in September.

The chamber approved an expenditure for a war bond to be awarded at the San Mateo County Kennel Club show in Redwood City, Sept. 3.

Can ALL you can at home!

Come on, let's can the fruits and berries that are now in season here in bountiful California. For economy, buy them by the lug or crate. To preserve and can them for winter use is easy when you follow simple step-by-step canning directions.

Then when cold winter comes, your family will positively purr at the cupboard full of canned goods you put up during summer. How mighty welcome and grand eating will be the jars of apple sauce, grape jelly, golden peach halves, cool pears, rich juicy plums and those firm tomatoes or spicy-good tomato relishes!

Put 'em up now. Save your ration points. Let the boys overseas have their share. Can ALL you can at home.

Air Medal Is Awarded To Bob Furnas

Robert W. Furnas, who was killed when his plane crashed in the Pacific last September, has been awarded the Air Medal for "meritorious achievement," the Navy Department announced through an Associated Press dispatch this week.

Furnas, the son of Mr. and Mrs. John S. Furnas, former Redwood City residents now living at 29 Middle Gate, Atherton, was reported missing in action on Sept. 15, 1943, and although the Navy Department still lists him as missing, letters received by his parents from his commanding officer and a navy buddy stated definitely that Furnas met his death in a plane crash in which all aboard were killed.

The citation accompanying the award of the Air Medal said he rendered "invaluable assistance to his pilot in damaging important enemy installations."

Furnas was an aircrewman of a medium bomber operating in the Central Pacific on combat patrols, searches, reconnaissance, bombing and mine-laying missions.

He entered the naval reserve in July, 1942, and upon completion of his boot training he was selected for training as an aviation radioman. He graduated from the radio school at Alameda in December, 1942, and took advanced training in aerial gunnery at Jacksonville, Fla.

Leaving the United States for combat duty in the Pacific in May, 1943, he had completed more than 20 combat missions when his plane crashed.

Furnas was graduated from Sequoia High School in 1941. While in high school, he was a member of the tumbling and diving teams. In 1940, he won first place in the lightweight diving meet held at Stanford University for Northern California high schools.

His brother, Gene, is a sergeant in the Army Air Forces and is currently stationed at Lake Charles, La., where he is a tow target operator on a plane.

Hot Seat in Car Frightens Motorist

William Plain, who lives on Sylvan Way, Woodside Highlands, was driving down the Woodside Grade early this week when the rear seat of his tudor sedan caught fire. Unable to extinguish the blaze himself, he summoned a passing motorist who drove him to the Woodside Fire Department where a truck was immediately dispatched to quench the fire.

Woodside firemen reported the rear end of the car was badly damaged and paint on the outside was scorched. Cause of the fire was probably a cigaret, firemen said.

Millbrae Shipyard Guard In Three Suicide Attempts

After three unsuccessful attempts to carry out his estranged wife's wish that he end his life, Henry Byrd Johnson, 47-year-old Belair Shipyard guard was taken to the Community Hospital, believed to be recovering from the effects of taking from 27-32 sleeping pills this week.

Johnson, who lives at the Millbrae Auto Court, took 12 of one kind of sleeping pill and 15 to 20 of another type Tuesday in his first attempt at suicide. He collapsed in the yard outside his home and was carried to his bed by a sailor and an unidentified civilian.

Millbrae Chief of Police W. H. Stelter was called to the scene. As the chief entered, Johnson who had been lying on his bed in a half-dazed condition suddenly leaped up and ran to the closet and grabbed a .38 police revolver. His second attempt was halted as Stelter grabbed the half-crazed 200-pound guard and after a five-minute struggle managed to wrench the gun from his hand and apparently bring Johnson under control.

However, as Stelter relaxed, Johnson once again broke loose and snatched a pen knife from a nearby table and started to slash his wrists. Another struggle ensued and this time, Stelter managed to get handcuffs on him.

Johnson was rushed to the Community Hospital and as he entered, in spite of his handcuffs, once again tried to put up a struggle.

After he was calmed again, a stomach pump was used and he was placed in a hospital cell.

In subsequent investigation, Stelter found a card saying, "In case of emergency notify Mrs. H. B. Johnson, 214 Ash St., Logansport, Ind."

After Johnson had recovered sufficiently to talk, Stelter questioned him about his wife. Johnson then told him that his wife had left him and had since written him a letter in which she told him to commit suicide because she wanted to get rid of him.

Stelter checked the boxes of sleeping pills and learned that they had been purchased in Mrs. Johnson's name at a San Mateo drug store. Late last night he telephoned Mrs. Johnson notifying her of her husband's unsuccessful attempts at suicide.

Assessment Roll Approved by Board

Redwood City's general assessed valuation for 1944-1945 has increased $313,120 during the past year, according to the assessment roll as approved by the city board of equalization this week.

The increase over the $15,632,905 of last year's assessment roll is considerably less than it would be in normal times, because of the lack of new building construction, Mrs. Nelle Miramontes, assessor, pointed out.

The general assessed valuation for this year, $15,946,025, does not include utilities, Mrs. Miramontes said, since the state prepares the assessed valuation totals which will be announced at a later date.

Utilities in the city are expected to follow the general increase reflected in the assessed valuation of utilities throughout San Mateo County, she indicated.

Valuation of land in Redwood City was placed at $6,508,565, and improvements at $9,657,195. Personal property was valued at $325,210 according to the assessment roll.

Exempted property, including churches, schools, city, county, and federal property, and Union Cemetery, totals $1,644,755.

No protests to any individual increases on the general assessment valuation were made at the meeting this morning.

The Redwood City Council meets as the City Board of Equalization once a year to hear protests to the assessed valuation as presented by the assessor and to approve the list.

S. C. Post Office Receipts Increase

Gross receipts at the San Carlos Post Office during July showed an increase of 31 per cent over 1943, figures released by Postmaster Mary K. Davis revealed this week.

Total receipts were $2885.93, as compared with $2198.34 for the same month a year ago. Stamp sale revenue also showed an increase; $687.50 stamps sales for July showed a boost of 23 per cent over 1943.

Lieutenant Dies From Injuries

Lt. Robert Walker, 22-year-old officer from Mather Field, died early Tuesday as a result of injuries received in an automobile collision near San Bruno Sunday.

Lieutenant Walter, who was transferred to Dibble Hospital for treatment, received a compound fracture of the leg. He was first taken to Mills Memorial Hospital in San Mateo and later transferred to Dibble.

The automobile which he was driving struck a car driven by Arthur G. Lachman, 16, of San Francisco on the Junipero Serra Extension near San Bruno, and a passenger in Lieutenant Walker's car, R. W. Wentz, received a fractured skull.

Sgt. A. C. Rinalde Killed in Crash

News was received here by Mrs. Ada Chisholm, 109 James Ave., that Sgt. A. C. Rinalde was killed in an airplane crash during combat service in New Guinea.

Rinalde was the husband of the former Betty Chisholm of Redwood City, and a student at Mt. Carmel School, who is now living in New York with her parents, Mr. and Mrs. Donald Chisholm.

Decisions Left to Cotton In Hot Probation Meeting

When Juvenile Court Judge Aylett R. Cotton returns from his vacation he will be confronted with the minutes of a stormy 2½-hour session of the County Probation Committee Tuesday afternoon and in his hands will be the decision of whether or not Probation Officer Francis J. Robinson is to continue in office.

Resignation of Lee Alderman as assistant probation officer because of disagreement in policy between himself and Robinson was presented to the probation committee but Chmn. Leo J. Hyman said acceptance of the resignation would be up to Judge Cotton. Alderman asked that the resignation take effect immediately.

Hyman said Robinson and Alderman had completely divergent ideas with respect to policy. Hyman said that Alderman claimed that Robinson was not permitting him to do preventive work, for which he was hired. Alderman took over the newly-established assistant probation officer job on July 1. His resignation will leave the probation department short two assistants. Two assistant probation officer positions were provided for in the current budget but Alderman was the only one that had been secured.

Hyman said the report of yesterday's entire meeting would be sent to Judge Cotton as soon as the minutes are prepared. Judge Cotton is on vacation and is not due back on his bench until Sept. 12.

Hyman reported that Robinson claimed Alderman was going beyond his province and wasn't following instructions.

He said that from what he heard yesterday "I frankly disagree with Mr. Robinson."

Robinson declared today, however, that "I don't know where there is justification on Mr. Hyman's part to reach such a conclusion on the basis of a new inexperienced man."

"As probation officer," Robinson said, "I am charged with certain duties, among which is included administrative. As such policy-forming officer, I am held responsible for the procedure until such time as a matter has to go before a court."

Robinson said that in placing certain cases in Alderman's hands he instructed him to proceed along certain lines.

"Sometimes Mr. Alderman and I disagreed as to the disposition to be made," Robinson said.

"It seems a little unusual for a new man who hasn't had experience along certain lines to formulate certain policies which would be different to my views as a result of years of experience," Robinson declared.

Robinson has been adult and juvenile probation officer since 1930.

Alderman cited certain cases at yesterday's meeting in which there had been differences of opinion between himself and Robinson, and Robinson gave answers to them. Robinson said, however, that for the best interests and welfare of the children that might be involved that he did not believe it advisable to reveal the cases.

Chairman Hyman said that some members of the committee expressed the view that Robinson was not doing the work the committee had ordered him to do. Robinson replied with the exclamation that he did not know what the committee wanted done.

The committee told Robinson two months ago to outline a program, and "I haven't seen it yet," Hyman said.

Robinson said he intended to submit to the committee at the next meeting an outline of the duties of subordinates. If there are any duties the committee doesn't want in the new program it can strike them out and incorporate ideas of its own, he stated.

Hyman said that the committee felt that Alderman had tried to do a good job and that Robinson prevented him from doing it.

Robinson asserted that certain members of the probation committee were "gunning" for him.

Hyman declared that the committee has no authority to remove.

"Removal must be made by the judge for cause or at his discretion with written consent of the majority of the probation committee," Hyman said.

No vote was taken by the committee on Robinson's dismissal.

Send Overseas Gifts Sept. 15-Oct. 15

People planning to send Christmas gifts to men overseas should begin saving strong string and box material, and they had better start doing their shopping, too, warned Postmaster R. E. O'Connell Jr., of Redwood City this week.

O'Connell explained that the period for mailing holiday presents to service men serving on foreign soil will be the same as last year—Sept. 15 to Oct. 15—leaving only a month before the opening mailing date.

Because of the long distances the gifts must travel and frequent handling required to get the presents to remote corners of the earth, it is imperative that packages be tied securely, O'Connell said.

Persons planning to send gifts overseas should remember not to include perishable goods, and if they are sending breakable or sharp articles, these articles must be protected by heavy covers, O'Connell said. No parcels may weigh over five pounds.

Blazes in Two Cars; R.C. Firemen Called

Redwood City firemen recently extinguished two fires in parked automobiles. Both fires were reported by Redwood City police and minor damage was caused in each instance.

At 2:45 this morning, a burning cushion in a car registered to H. Lycky, Booneville, Calif., damaged the front seat of the coupe. At the time of the fire, no one was in the car which was parked on the Bayshore Hwy. north of Roger St.

A short in the wiring of an automobile parked near the Southern Pacific depot caused considerable damage to the wiring of the car, firemen said. The call was received at the fire station at 8:55 a.m.

REDWOOD CITY PH. R.C. 1300

R.C. Fourth, M.P. First, In Bond Sales

Redwood City placed sixth among 41 communities in seven Central Coast communities in the Fifth War Loan drive, figures revealed Tuesday by Chmn. Clifton H. Woodhams disclosed.

Local bond buyers oversubscribed their quota by purchasing $1,252,855 worth of bonds, of which $426,980 were Series E. This represented 141 per cent of the original $883,000 quota, and 121.9 per cent of the $350,000 quota for series E bonds.

In making his final report, Woodhams acknowledged sales by two organizations not previously included in the totals; these were the Redwood City Real Estate Board, $63,325, and Block Matrons, $61,495.

J. A. Buhler, chairman of the Redwood City War Finance Committee, expressed the gratitude of his committee to Woodhams, and to the local business and service organizations which contributed to the success of the drive here.

Chairman Buhler appointed the following committee to further develop pay roll savings in order to increase bond sales among the employes of local industrial firms: Walter Kellogg, chairman, Edmund Hund, Hall Jacobs.

The following committee to make preliminary plans for the 6th War Loan Drive which is expected to be called for some time in November was also appointed: Clifton H. Woodhams, Carl Ward, Mrs. Henry Beeger, J. A. Buhler.

Menlo Park placed first in total bond sales and second place in Series E sales among all the communities in the Central Coast Counties Division of California, according to final Fifth War Loan figures. This division consists of San Mateo, Santa Clara, Santa Cruz, Monterey, and San Benito counties.

Total sales of all issues amounted to $808,843 against a quota of $523,000. In Series E, "the peoples" bond, sales were $264,647 compared with a quota of $200,000.

In terms of ratios, to all sales were 191.2% of the quota, while Series E sales were 132.3% of par.

A letter commending Menlo Park upon its outstanding showing was received at campaign headquarters in the City Hall from W. W. Crocker, chairman of the War Finance Committee for Northern California.

Sailor, Girl Fall Off Cliff

Three sailors went for a drive to Sharp Park Tuesday and their automobile got stuck in the sand.

Two of the couples went for aid.

The other couple, a sailor stationed at Treasure Island and a 20-year-old San Francisco girl, went for a stroll while awaiting the return of their companions. In the darkness the two apparently did not notice they were on the edge of a 100-foot cliff.

Result: The two toppled off the cliff and were in hospitals today recovering from injuries.

Frazier J. Darmann, 34, stationed at Treasure Island, was treated at Mills Memorial Hospital for a fracture to his right leg and for cuts and bruises, and was transferred to Tanforan Naval Base, where his condition is reported as fair.

Vada Scroggins, 20, of San Francisco, who fell with Darmann, was being treated at Mills Hospital today for "bruises all over."

A Mills Hospital ambulance was called to the scene of the mishap on Old County Rd. one mile north of Sharp Park at 3:45 a.m. The ambulance arrived back at the hospital at 6 a.m.

In the party who went to seek aid to get the car out of the sand were Lonzo Pope, Treasule Island, and Mary Bishop, 22, and G. A. Williams, both of San Francisco. Mills Hospital reported there were three couples in the party, but the sheriff's office has the name of only five people.

The California Highway Patrol and the sheriff's office investigated the mishap.

Council Votes $450 To National War Fund

Members of the Redwood City City Council this week voted to give the National War Fund $450 at a meeting which preceded the council's sitting as a board of equalization.

Councilman E. A. Fletcher moved that the city give the war fund the same amount as was given last year, and the measure was unanimously approved by those present.

Convention expenses which were allocated to the city employees for attendance at the convention of California League of Municipalities will be dropped from the budget, the councilmen decided after it was announced that the convention would not be held. Approximately $900 had been set aside to permit Redwood City representatives to attend the convention.

R.C. Lions See Pictures of Guadalcanal Invasion

Moving pictures of the actual invasion of Guadalcanal were shown members of the Lions Club at their regular weekly meeting at Sodini's last night by Lt. Comdr. E. Kenneth Barnes, Moffett Field chaplain, who participated in the landing himself.

Chaplain Barnes, a veteran of three campaigns, has seen action in the North Pacific as well as the South Pacific, and was chaplain on the escort vessel on which Richard Tregaskis gathered his material for "Guadalcanal Diary."

The pictures revealed how the convoy with the original 15,000 men in the First Marine Division sailed from New Zealand and arrived off the Solomon Islands, Aug. 7, 1942, was the first invasion of Japanese held territory. Barnes explained how these Marines, 80 per cent of whom contracted malaria, held out on newly won beachheads for six weeks, four more than was thought possible, until supplies and men reached them and aided the push that eventually cleared the island of Japs.

Lieutenant Commander Barnes explained also the importance of the preceding Coral Sea victory by the Allied navies which prevented the Japanese invasion of New Zealand.

"The United States has developed amphibious warfare beyond the dreams of anyone," Barnes said, "and the use of such innovations as Higgins landing barges and other modern methods took the Japs completely by storm," he added.

Lions Club members voted to accept a recommendation by Joseph Territo to participate in a proposed city-wide paper drive, Sept. 16 and 17. President Harry Ramsey named Territo to head the committee which is to work in co-operation with other men's clubs in Redwood City in promoting the drive.

Supervisors Okay New Water District

The San Mateo County Board of Supervisors this week adopted a resolution dissolving the Salada Beach Public Utility Dist. and forming the North Coast Water District.

Coastside residents last week by a one-sided vote elected to follow the action adopted by the board yesterday. The North Coast Water Dist. includes Sharp Park, Edgemar, Vallemar, Rockaway Beach and Pedro Valley.

THEY ARE EVERYWHERE

"I find myself doing everything from digging ditches to putting on Johns-Manville shingles" writes Corp. Bill Huskey stationed at Richmond, Va. He was formerly a senior J-M salesman in the Chicago district.

"I sure feel right at home doing the latter. I've seen a lot of J-M materials around—roll roofings, built-up felts, Flexboard, Glazecoat, ceiling panels, etc. It's a great sensation to be 600 miles from home and see the good, old J-M label so frequently."

Square Thinking on Labor-Management

Here's a good piece of writing. It's from an editorial in the Johns-Manville NEWS PICTORIAL, and it refers to the labor-management committee in J-M's Waukegan plant:

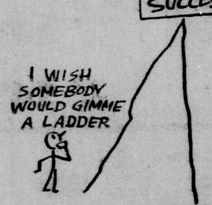
"J-M Management thinks that the work of this committee, the aggressive way in which it goes about things, the enthusiastic manner in which it has been received by everyone at Waukegan all add up to a type of Labor-Management cooperation which can and will be the foundation for a secure and productive postwar era. J-M Management has a great deal of admiration for the level-headed, unselfish and intelligent contributions that Labor has made to the success of this committee. J-M Management thinks that much is to be gained by the operation of similar committees at every J-M location and is anxious and willing to achieve this end."

NICE WORK IF YOU CAN KEEP IT

"America was made by dissatisfied people. The American workingman doesn't want to hear that he's better off than the Russian or Swiss or British worker. He wants to be better off than the *American* worker.

"Like the American worker, the American investor wants a fair return. And the public wants a bargain for its money.

"All three are yanking at management and it is up to management to satisfy all three as far as possible."—F. C. Crawford.



Climb, Brother, Climb

You can't help a man up by putting a feather-bed under him, unless he's a sick man. And it has even been found that a lot of sick people will get better faster if they're rooted out of bed and made to stir around.

The real way to help a man up is to give him a hammer and some nails and let him build himself a ladder.
